

## TO REVISE LIST OF HIS ASSETS

Governor McCray Will Have it  
Ready For Resumption of Bank-  
ruptcy Hearing Tuesday

### DETAILS OF \$155,000 LOAN

McCray Says One or More Members  
of Agricultural Board Were Present  
When it Was Made

(By United Press)

Indianapolis, Ind., Nov. 17—Governor McCray today started preparation of a complete and revised list of his assets and liabilities for presentation when the hearing before Harry C. Sheridan, referee in bankruptcy, is resumed Tuesday.

Preparation of the list was ordered when, at the end of two days' testimony, the governor was not certain just what his liabilities were, and couldn't give an "offhand statement."

Details of the loan of \$155,000 of the funds of the state board of agriculture to Governor McCray were heard during his testimony yesterday afternoon.

McCray reaffirmed his statement that the money was loaned to him by I. Newt Brown, secretary treasurer of the board.

Brown has persistently maintained that the money was intended for deposit in the Discount and Deposit bank at Kentland, and that the first he knew of the supposed "loan" was when McCray mentioned it in his answer to the petition in bankruptcy some time ago.

The governor, under close questioning, admitted that he gave Brown only \$87,746 as collateral for the state funds. He also admitted use of predated checks and notes to secure the loan.

On some installments of the loan the governor said he did not give Brown any collateral until nearly two months after the money had been turned over to him.

McCray testified that at least one and perhaps more of the members of the state board were present when the securities were given to Brown. However, the governor was not certain just what members were present.

After two days of continuous grilling, Governor McCray almost broke down as he left the stand.

With tears in his eyes and his voice trembling with emotion, he said: "I have nothing left in the world but my salary."

## PLAN DRIVE ON CONGRESS

Women's Party Leaders in Washington to Discuss Amendment

Washington, Nov. 17—Two hundred women who would wield the "better half" of the nation into a feminine political party, met here today to lay out plans for hastening the day when women will be the legal and political equal of man.

To effect this, they have proposed that congress enact the so-called Laetitia Mott amendment to the constitution, providing that "men and women shall have equal rights in the United States and all places subject to its jurisdiction."

The women, all section leaders of the nation of the national women's party, which backs the amendment, were summoned here by Mrs. O. H. P. Belmont, society leader of New York and president of the party, to discuss means of coercing congress to enact the amendment at the present session.

### BUS SERVICE OFFERED

The Indianapolis & Cincinnati Traction Company has signed contracts with the W. A. Brown Auto Bus Company, of Osgood, for an auto bus extension service between Greensburg, the southern extremity of the traction line in the territory, and Versailles. The service will be in effect Tuesday. It will provide three daily round trip connections. Similar service between here and Brookville is offered by the I. & C.

### MILLION DOLLAR FIRE

Savannah, Ga., Nov. 17—Fire which broke out in the Central Georgia railway shops here during the night, caused damage estimated at nearly a million dollars officials said today.

## MISSIONARY CHAUTAUQUA

To Be Held Next Week At The  
First Baptist Church

Beginning next Monday night a five day Missionary Chautauqua will be conducted in the First Baptist church. A splendid program of inspiration and information has been planned and projected by the executive committee of the East Central Association.

Dr. C. M. Dinsmore, general superintendent of the Indiana Baptist convention, will speak Monday night. Stewardship will be the theme for Tuesday night, the speaker to be supplied. The Rev. G. C. Mitchell, district superintendent of this district, will speak Wednesday night.

Dr. Dring, a missionary on furlough from China, will speak Thursday night and the chautauqua will close with an address by Miss Mertie Huckleberry, state director of children's work, on Friday evening.

## MISTAKE IN SHIPMENT OF RADIATORS BLAMED

New Steam Heating Plant at St.  
Paul's Church Otherwise would  
Have Been Finished

### BASEMENT IS NOT COMPLETED

Although it has been a year since a fire in the basement of St. Paul's Methodist church caused the official board of the church to decide to remodel and enlarge the basement and install a new heating plant, the improvement has not been completed and the congregation has been unable to use the church auditorium this fall due to the delay in completing the heating system.

The remodeling which is being done will cost between \$25,000 and \$30,000, it is estimated. The basement is being extended under the whole building and will be equipped with a kitchen and other conveniences that will make it very useful to the congregation. It is now expected that the basement will be dedicated some time after the first of next year.

It would be possible to hold church in the main auditorium at this time were it not for the fact that the wrong radiators for the auditorium were shipped by the company having the contract. Radiators for the basement and Sunday school rooms arrived all right, but those for the auditorium were for a hot water plant, and it is a steam plant that is being put in. Church services are being held at the court house assembly room pending completion of the heating plant.

## 22,165 APPLICANTS FOR \$100,000 PRIZE

Many Enter Contest For Best Practical Plan in Which U. S. May  
Cooperate to Preserve Peace

### TO ANNOUNCE WINNER JAN. 1

New York, Nov. 17.—There are at least 22,165 people who consider themselves capable of establishing peace in the world, plans submitted to the office of the American Peace Award here indicated today.

Applications for the \$100,000 prize offered by Edward W. Bok for "the best practical plan in which the United States may co-operate with other nations to preserve the peace of the world" closed last midnight.

There were scores of last minute applications, some coming by cable, from all parts of the world. The total, as checked today, was 22,165.

Although the contest is limited to Americans, plans have been received from many foreign countries including Brazil, Holland, Japan, China, Greece, England, Italy, Germany, Uruguay, Mexico and others.

The committee hopes to be able to select the winner by January 1.

### SECOND APPEAL MADE

Indianapolis, Ind., Nov. 17.—Indianapolis police have received a general appeal to aid in the search for Miss Marguerite Dearth, daughter of Judge Dearth of Muncie, who has been missing since Nov. 1.

## VARIED OPINION ON M'ADOO PLAN

Scheme to Pay Bonus And Reduce  
Taxes Received With Jeers And  
Qualified Approval

### SEN. WALSH APPROVES IT

Sen. Smoot Scouts Idea of Paying  
Bonus by Issuing 50 Years Bonds  
—Not New Idea

(By United Press)

Washington, Nov. 17—William G. McAdoo's plan for paying a soldier bonus and reducing taxes at the same time was received here much as Secretary Mellon's tax reduction program—with jeers from some quarters, and with qualified approval from others.

McAdoo's position as an almost certain candidate for the Democratic nomination for President made Democrats wary about commending his plan lest their approval be construed as endorsement of McAdoo.

The McAdoo plan proposed that the bonus be put on the same basis as other war obligations and "funded," an issued of fifty year bonds to provide means of eventual payment. These bonds would be retired through annual sinking fund appropriations with the interest, McAdoo estimated would run from \$50,000,000 to \$90,000,000 a year.

Senator Smoot, Utah, Republican, chairman of the finance committee and powerful opponent of the bonus minus tax features, freely expressed his contempt of the scheme.

"The plan of financing the adjusted soldiers' compensation as outlined by Mr. McAdoo impresses me as one entitled to most careful consideration. Let the income taxes be reduced and either the interest on our allied debts be used to pay the soldiers compensation or a bond issue, such as Mr. McAdoo outlines, be made."

Senator Smoot, Utah, Republican, chairman of the finance committee and powerful opponent of the bonus minus tax features, freely expressed his contempt of the scheme.

"Fifty year bonds," said Senator Smoot, "pouff!"

"There's nothing new about that. It's a nice political way of putting it. That scheme would mean paying taxes on the bonds for fifty years. In other words, Mr. McAdoo says 'I won't be running for the presidency then, let unborn children pay for it.'"

American Legion headquarters declared they were simply for adjusted compensation without regard to what plan was used to provide it.

## SLOW PROGRESS IN RED CROSS ROLL CALL

Only Dozen Members Reported  
During First Week But Others  
Are Expected To Join

### NO ACTIVE CANVASS MADE

The Annual Red Cross Roll Call drive, which is under way in Rush county, is making slow progress, according to Miss Elnora Sleeth, in charge of county headquarters, and only a dozen memberships have been reported during the week's campaign.

In years past each township made a concerted effort in canvassing for members and renewals at one dollar, but this year there will be no special effort put forth in obtaining members, and those who wish to keep up their membership should get in touch with their township director, or make applicants direct to Miss Sleeth at the county records office.

The Red Cross in the past few years has sponsored a county nurse, but this has been abolished for the ensuing year, which lessens the annual expense.

Even with the expenses reduced, memberships should not be neglected, it is pointed out, and the local organization is hopeful that the contribution will be made without the usual house to house canvass.

### MILROY SCHOOLS TO OPEN

The Milroy schools, which have been closed this week, while the furnace was being repaired in the building, will open Monday. At first it was thought that the repairs would not be made in time for the opening Monday and that they would not be opened before Wednesday, but due to fast work on the part of the workmen, the furnace will be in shape for the opening Monday.

## CYNTHIA KRAMMES IS DEAD

Widow of Andrew Krammes Expires  
at Buena Vista Friday

Word has been received here of the death of Mrs. Cynthia Krammes, widow of the late Andrew Krammes, which occurred Friday afternoon at two o'clock at the late residence in Buena Vista, Franklin county. The deceased had been ill for several months, suffering with a complication of diseases. She was eighty-six years of age.

The survivors are Miss Della Muse, who stayed with her mother, Mrs. Anna Simpson, of Connorsville, and Mrs. Jerusha Pruitt of Buena Vista, and two sons, Marshall Krammes, of near Homer, and Hadden Krammes who lived at Buena Vista. No word has been received as to the time of the funeral services.

## CAN'T GET FAIR TRIAL; WITHDRAWS

Gov. J. C. Walton of Oklahoma  
Amazes Senate Impeachment  
Body With Announcement

### REMOVAL REGARDED CERTAIN

(By United Press)

Oklahoma City, Okla., Nov. 17—"I reached the conclusion that I could not have a fair trial in this court. I hereby withdraw."

Governor J. C. Walton amazed the senate court of impeachment today by rising from the midst of his counsel at the center table and making this statement.

Both sides agreed today its highly probable the impeachment of Governor Walton will be voted by the Oklahoma senate within a fortnight.

The house board of managers brought the case towards a closing today with little prospect, however of completing it before Monday night. They are satisfied with the decision of completing it before Monday night, possibly charges against the suspended governor to which delinquencies of the Ku Klux Klan might be raised in defense.

The defense, convinced that as things stand a sufficient majority exists in the senate to impeach, bent every effort to bring the masked order and the governor's fight before the court and the public.

Premier Mussolini Against Further  
Action in Germany

(By United Press)

Rome, Nov. 17—Premier Mussolini in an address to the senate went flatly on record as opposing further occupation of Germany soil and any demand on Germany for surrender of former crown prince.

"I must say the Italian government could not approve the additional occupation of German territory," said Mussolini. "We must not think of destroying the German people which had our own civilization and will tomorrow be an integral part of European civilization."

## MARGARET E. BLACK DIES

Wife of Lucky Black Expires Suddenly Friday Night

(By United Press)

Mrs. Margaret E. Black, age 45 years, wife of Lucky Black, formerly of this city and Carthage, died suddenly Friday night at 11:45 o'clock at their home in Raysville, death resulting from paralysis.

The deceased was in her usual good health yesterday, and her death proved quite a shock. A son, William Black, a former basketball player on the Carthage team, who joined the navy several months ago, finished his enlistment and had just returned home yesterday, a few hours prior to his mother's death.

Mr. and Mrs. Black lived in Carthage until a year ago. The funeral services will be held Sunday afternoon at two o'clock at the late home and burial will be made in East Hill cemetery, Rushville.

## DISTRIBUTION OF TAXES FINISHED

Sum of \$187,206.32 Divided Among  
Taxing Units of County as Share  
of Fall Installment

### LOCAL SCHOOLS GET MOST

Does Not Include Advances Made to  
Rushville City and Anderson And  
Nolbe Townships

Distribution of the fall installment of tax among the taxing units of the county was completed Friday by the county auditor, Phil Wilk, and vouchers for the amount to which each township, municipal corporation and school corporation is entitled will be delivered to the proper officials when they call at the auditor's office.

The total amount distributed among the county divisions was \$187,206.32. This does not include \$7,000 which had been advanced previously to the distribution, \$1,000 each being paid to Anderson and Nolbe townships from the special school funds and \$5,000 to city of Rushville out of the corporation tax, which is used to pay the expenses of the city government.

Neither does this total include \$48,308.95 which will be paid to the state December 1 as its share of the fall installment, which is taxes collected for the state highways, school fund, benevolent institutions, state running expenses and other items of state expense. The amount which would be distributed at this time, had no advance payments been made, would have been \$240,515.34.

The gravel road bond and interest tax and general county expenses do not appear in the distribution as these accounts are paid out directly by the county treasurer on auditor's warrants. The gravel road bond and interest tax is one of the biggest items, amounting to \$95,682.42, and will be used to meet gravel road bonds falling due and the interest on bonds outstanding. Receipts from sale of the bonds were used to build new roads in the county.

Rushville school city receives more than any taxing unit in the distribution, its voucher calling for \$22,327.19. Rushville civil city is next with \$21,684.59, not counting the \$5,000 advanced. Walker township received more than any township in the county and Jackson township received the least.

The amount going to each division and the purpose for which it will be used is as follows, it being kept in mind that township tax is to meet township operating expenses, special school for maintaining schools, tuition fund for paying school teachers:

#### Ripley Township

Township tax, \$658.95; road tax, \$54.89; special school tax, \$6,623.77; local tuition fund, \$6,636.04; library tax, \$484.78. Total \$14,458.42.

#### Posey Township

Township tax, \$891.75; road tax, \$5.67; special school tax, \$5,451.77; local tuition fund, \$4,615.95; library tax, \$104.83. Total \$10,807.27.

#### Walker Township

Township tax, \$891.75; road tax, \$14.08; special school tax, \$7,134.13; local tuition fund, \$7,220.37; library tax, \$178.34; school bonds, \$1,161.84; vocational agriculture, \$1,305.16. Total, \$19,005.57.

#### Orange Township

Township tax, \$162.66; road tax, \$21.34; special school tax, \$1,629.45; local tuition fund, \$2,974.82; library tax, \$81.47; vocational agriculture, \$977.67. Total \$5,847.41.

#### Anderson Township

Township tax, \$662.40; road tax, \$42.52; special school tax, \$7,933.51; local tuition fund, \$6,658.10; library tax, \$110.41; school bonds, \$2,208.02. Total, \$17,614.96.

#### Rushville Township

Township tax, \$1,263.14; road tax, \$32.16; special school tax, \$5,920.88; local tuition fund, \$3,733.43; school bonds, \$2,559.54. Total, \$13,509.15.

#### Jackson Township

Road tax, 63 cents. No taxes were levied for school purposes last year because the township had a balance sufficient left over from last year to meet the expenses of sending their children to the Rushville schools. The balance was due to a high levy the year previous in anticipation of a new school building, which was

MAP OF STATE HIGHWAY SYSTEM, SHOWING NEW  
ROADS RECENTLY ADDED BY THE COMMISSION  
(Clip this out for reference)

(Consult the map for the location of the roads)

Indianapolis, Ind., Nov. 17-Forty-six and one-half miles of concrete pavement were completed this week on five state trunk lines and will be opened to traffic about December 1. John D. Williams, director of the state highway department, announced today in the commission's traffic bulletin showing condition of state highways to the week of November 18-24.

This work is in six projects, two on No. 10 just south of Terre Haute and north of Evansville; east of Michigan City on No. 25; south of South Bend on No. 1; east of Evansville on No. 16, and west of Fort Wayne on No. 46, and is part of the commission's program of paving about 200 miles this year. Estimates in the office of C. Gray, chief engineer, the bulletin says, show 155 miles of pavement laid this year which is 72.3 per cent of the mileage contracted.

The McCray expansion program in which all sections of Indiana will benefit from state roads calls for paving approximately 400 miles next year, and the commission soon will place 1924 projects under contract, Mr. Williams said.

Attention was called today on No. 3 (National Road) between Richmond and the Ohio line is completed and traffic going over same. The detour at the end of the brick pavement 3 miles north of Portland to the Jay-Adams county line of No. 21, in force for several weeks owing to construction, will be removed about November 20.

State road conditions as set forth in the bulletin follows:

No. 1—Construction from Carmel to 9 miles south of Kokomo. Short section of new pavement are open to local traffic. (Thru traffic north from Indianapolis advised to take No. 15 and avoid this construction). Detour from Lakeville to South Bend on hard surface road 3 miles east, thence on pavement north to city. Local traffic using 5 1/2 miles of new pavement from 2 miles north of Crothersville toward Seymour. Closed for through traffic between Seymour and Crothersville. Use Dudleytown detour.

No. 3—New pavement between Richmond and Ohio line open to traffic. One-way traffic may cross

overhead bridge at Monon railroad at Putnamville.

No. 4—New stone near Medora; grading east of Holton, and new stone east of Bedford and west of Aurora.

No. 5—Through traffic detour at Greenville over county road via Georgetown to Edwardsville entering New Albany on No. 15. Detour via Mitchell and Paoli account of construction between Loogootee and West Baden. Water binding east of Paoli.

No. 6—Take No. 15 leaving Indianapolis on Northwestern Avenue to avoid construction just north-west of city. At junction of 15 and 33 turn west through Lebanon.

No. 9—One mile of construction beginning at 4 miles south of Brazil. East detour is fair. Construction between Jasonville and Clay City.

No. 10—New pavement open south of Inglesfield. North bound traffic from Evansville take old state road as formerly used to Inglesfield, thence on new pavement to Haubstadt road, hence detour through Haubstadt and Fort Branch to reach Princeton. Detour one-half mile west at 3 miles north of Sullivan account bridge construction. Drive carefully over a new fill south of Clinton.

No. 11—At 5 miles north of Alexandria detour 1 mile east around bridge construction.

No. 12—Grading between Marionsville and Centerton.

No. 13—Construction from Garrett to 10 miles south. Construction from Michigan line south for 8 miles; detour via Freemont.

No. 14—Under construction from Tell City to Junction of No. 16.

No. 15—Closed through Royal Center, and between Laporte and Michigan City. Drive carefully over new grade 3 miles north of Marion county line. Bridge out 4 miles north of Indianapolis; detour marked.

No. 16—Construction between Evansville and county line; between Booneville and Gentryville; heavy grading from St. Meinrad to Leavenworth.

No. 18—Construction from 5 miles north of Dale.

No. 21—Detour at end of brick pavement 3 miles north of Portland account of construction will be removed about November 20. Detour west of No. 21 at Jay-Randolph county line. Road side detour open to light traffic only. Trucks use

main detour and all traffic use it in wet weather.

No. 22—Grading north and south of English.

No. 24—Heavy grading between Palmyra and Salem.

No. 25—Closed from Angola to Lagrange county line. Closed from Michigan City to New Carlisle. However, Laporte traffic may go over new pavement to State Road 15. Through traffic advised to follow marked detour to north.

No. 26—Culvert construction south of Dupont. Heavy grading, new culverts and construction between Bloomington, Columbus and Scipio. Take Elizabethtown detour.

No. 32—Bridge out north of Cloverdale. Take run-around. Repairing bridge south of Spencer permits one-way traffic alternating hourly. (Avoid crossing if possible for next ten days.)

No. 33—Bridge out 4 miles west of Covington. West bound traffic take north detour; east traffic the south. Closed from 1 1/2 miles east of Muncie to Selma account construction.

CORN SHUCKERS ASK HIGH PRICES

of corn although there are some who are said to be able to husk 100 bushels per day and keep it up during the season.

In some localities huskers are paid by the day and here the high rate is \$4 per day and one and sometimes two mels. In others huskers are paid by the shock, the size of the shock and general conditions determining the scale.

The scarcity of labor, which made it necessary for farmers in some instances to bid against one another in order to get help, is attributed for the increase in husking prices.

There are few young men in the county who can be obtained for farm work, it was said this morning. As soon as they get to be 18 or 19 years of age they are lured to the larger cities where they are employed at the factories with the result that the

bulk of the work is done by old men, many of them broken down in health it was said this morning.

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

### Education Week

Many years ago the Japanese government sent to this country a commission whose duty was to study the methods of western civilization. This commission happened to arrive on our shores at the time an election was in progress.

The visitors saw the masses of the people going to the polls. Not merely were the aristocrats and the wise men able to vote, but everybody could participate. Tom, Dick and Harry. These Orientals, accustomed to an autocratic government administered by a small privileged class, could not understand such a phenomenon.

They asked how it was possible to run the country successfully, when a multitude of people who had never been trained for government, were yet permitted to select their rulers. They were informed that these people were prepared for self government in the public schools.

The commissioners in due time went home, and advised their government to promote popular education. The advice was accepted, and as a result Japan has during the past 50 years made remarkable progress.

This almost forgotten episode suggests a thought for American citizens in our "Education Week", named for the seven days beginning November 18. The success of our government, its ability to bring prosperity and contentment to the average home, depend in the last analysis on the public schools.

If these schools fail to do their work, government will be costly and inefficient. But if they can send out a generation of young people who have practical ideas, standards of honesty, and something of discriminating intelligence, they can make our government a greater force for human welfare than it ever has been yet.

## Safety Sam's Sermonette

Indianapolis certainly made a strong effort to furnish good object lessons to the automobiles that visited that no mean city, the effect that they simply gotta be careful. At each of the four corners of Circle street the police had piled the wrecked remains of real an' so-called automobiles that had suffered an' bled for their recklessness;—th' idea bein' kinda crabbed offa th' farmer who hangs up th' carcass o' th' hawk he's shot, to educate th' rest as to what'll happen to them if they take th' same chance.

However, after hangin' around an' spendin' some o' my valuable time watchin' these piles o' junk, I was sorta impressed that th' advertisin' wasn't reachin' th' gas-eatin' prospects it was s'posed to. I didn't see even one automobile stop an' give 'em th' once over! There was plenty o' humans, or what might pass for such, crowded around 'em, but nary a flivver stopped or even paused in its mad flight to get its share o' th' free education. So I say th' lesson was lost on th' flivvers.

Now, if it is humans that th' police wanted to teach th' lesson to instead of th' reckless machines, why in thunder didn't they put out something that'd show th' effect o' these smashes on humans? I leave it to you; it's too deep for me.

On th' other mitt, wouldn't it be fine if we could pile up junk like that in public places an' drive it home into these Dumb Dory automobiles that if their drivers won't stop or slow 'em at these trolley tracks an' other slaughterin' places, it's up to them to stop an' refuse to budge till th' coast was clear!

### THE REPORTER'S NOTEBOOK

Being Random Observations Picked Up During the Week by the Inquisitive Reporter in His Rounds About Town.

#### How The Times Change

"Nothing shows the changes in the times so much as the occupations in which boys now engage," remarked a Rushville business man the other day.

"Well can I remember when we had an old cow that took about all of my spare time. What with milking her twice a day and driving her to and from pasture, I didn't have much of a chance to play while school was in session.

"I expect that if one of our high school boys nowadays allowed himself to be caught driving a cow to pasture, he would consider himself ostracized by society.

"If my memory serves me right, my parents never allowed my attention to divert from the cow. If I got a little rough around the house or should happen to be quarrelling with my brother, I would be reminded that it was time to go after milky.

"I don't mean to take the attitude that there's no time like the old times, but I am pretty much convinced that boys are better off occupied than they are idle. The chief occupation of a boy in this day and age is passing newspapers, but that was almost an unheard of job in my time because there were few daily newspapers read.

"I'm still convinced that there's no exercise quite like driving the cow to pasture. Getting up in the morning with the temperature below zero and performing the chores certainly put 'pep' in me, but they didn't call it that in the days of my youth."

By degrees, usage of the familiar salutation, "Hello", is dying out in telephone practice. When Mrs. Jones' telephone rings these days, she is much more likely to answer it by saying "Mrs. Jones speaking" than "Hello". More and more telephone users are appreciating the fact that an effective "telephone personality," with its influence for better service is not only a business but a social asset.

## COLUMBUS SHOWS HEELS TO LOCALS

Buli Dogs Defeat Rushville Friday Night, 41 to 26. Keeping Lead All The Way

### LOCALS THREATEN OFTEN

Cui Lead to Two Points Early in Game And Narrow Margin to Six Points Last Half

The Rushville high school basketball team was unable to cope with the Columbus high school Friday night on their new gymnasium floor in that city, and the final count was 41 to 26, with the Bull Dogs in front.

Rushville never gave up fighting, and at several stages in the game came within a few points of evening the count, but Columbus would tighten, and hold their own against the advance.

Columbus put up a good defense, and the locals also were forced to exert themselves to check the offense of the Bull Dogs. Carter, forward, began early in the game to loop the ball through, and he counted 7 field goals during the game.

Hall, their center, caged five from the field. Walker and Snoddy lead Rushville in scoring with each player having 4 goals to their credit.

The Bull Dogs jumped into the lead when Snoddy fouled and Irvine counted one goal. Then Carter scored two points, that gave Columbus a good start, but when Walker scored from the side line, things took a different appearance.

Carter scored again on a field goal, and when Comella fouled, Hall made good two chances, and the Bull Dogs were out in front, 7 to 2. Snoddy made one foul out of two chances when Hall fouled him, but Carter came back with two points for the next tally, making the score 9 to 3.

Rushville took a spurt at this stage, when McNamara made two points on fouls, after Irvine had fouled him, but the score was soon 11 to 5 when Carter again tipped one in from under the basket. Walker and Snoddy each followed suit with baskets from the field, that boosted Rushville within two points of the leaders, 11 to 9, and the Bull Dogs called time.

Soon after Columbus entered the game again, Carter scored for two points, and his goal was matched by one from Walker, with Rushville still within the two point space, 13 to 11.

Columbus, however, could not be downed this early in the game, and they drew away with a foul goal and two field goals, and had 18 points to the locals 11, but when Snoddy and Walker dropped in goals, it again made things interesting with the count of 18 to 15.

At this stage of the game, with only a couple of minutes left in the first half, Warth and Newbold were substituted at forwards, and Sherman replaced Comella at back guard.

The locals, however, could not manage to head the Bull Dogs during the rest of the period, and the first half saw Columbus out in front, 24 to 15.

In the last half the regular line-up for the locals again went into the game, but the onslaught of Columbus continued when they made two more baskets, 28 to 15.

Several fouls were called at this period, but neither team had luck on the shots, except Walker who made one more point and then Hall matched his shot with a foul shot, that made the score stand 29 to 16.

Snoddy was the next to score on a foul, and Hilligoss jerked the ball from under the net for two points, that gave Rushville 19, and Columbus 29. Carter scored on a field goal, but McNamara caught the basket from the side line, that again kept the locals with the ten point margin, and the play had ten minutes yet to go.

Hopes ran high at this period, when the locals seemed to be staging their half rally, and Snoddy grabbed off two baskets that made the score 31 to 25, and with the locals trailing at six points, Columbus called time.

After their two minutes rest period the Bull Dogs started off fresh, and the score began to gradually climb in the closing minutes of play, and the two local forwards were again replaced by substitutes in the last two minutes, and the only scoring that the locals made was a lone

### Hornshy's Purchase

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 17.—In answer to persistent reports that Rogers Hornshy, the National League's most valuable player, is to be traded during the winter meetings of the major leagues, the St. Louis club owners reply, with emphasis, that Hornshy

will play with the Cards or not at all. With the chance of putting over a deal involving Hornshy that would make a strong pennant contender out of the Cards, the St. Louis owners would be foolish to get stubborn and take the long means of showing the dissatisfied Hornshy that he is not his own boss.

Hornshy cannot play his best ball when he is on the outs with Branch Riskey, manager of the club, and even at his best he will never make a pennant winner out of the Cards.

Considering that here is good foundation for the general belief that the New York Giants are no longer the dominating power in the National League, the Cards have a good chance to strengthen their team and get into the race by disposing of Hornshy for players.

The Card owners have some fancy ideas about the value of Hornshy, but they are right. In arranging a deal for the star second baseman, the Cards are right in assuming that the question is not so much how valuable he is to the St. Louis team as how much he would be worth to several other teams out of which he might make a pennant winner.

In Pittsburgh, Chicago or Cincinnati Hornshy might come pretty close to being the difference between the pennant.

### SECOND TEAM WINS

The Rushville second team had little trouble winning their game Friday night at Morristown by the score of 60 to 13. The first half ended 31 to 3. Short, snappy passing and under the goal shots, featured Rushville's playing.

## WEBB FIVE TAKES MANILLA, 32 TO 14

Em Headlee's Highly Touted Basket Shooters Unable to Cope With Fighting Team

### WERE DOPED TO WIN HANDILY

Manilla Trailing, 13 to 9, First Half, And Webb Doubles Score by Good Shooting

Em. Headlee's highly touted gang of basket shooters from Manilla, who were doped to overwhelm Webb, finished on the short end of 32 to 14 score at the Modern Appliance building Friday night.

Manilla should have won hands down, according to all of the dope available, but the fighting little Webb team has a habit of paying no attention to dope buckets, but upsetting them at every opportunity.

It looked like anybody's game the first half, with Webb maintaining a slight advantage and Manilla acting sorta dazed at being unable to pull out in front. The game see-sawed back and forth, with neither team gaining very much of a lead, and the half ended 13 to 9 in favor of Webb.

Manilla came back determined to win in the last half, but their opponents were too crafty for them. All of the Webb men were good performers, Osborn sinking four from the field, Fair and Gibson counting three each and Young two.

Manilla, on paper, should have won with ease, because they had defeated Carthage after Carthage had won from Webb, but they couldn't turn the trick. The Manilla team came up to Rushville twice this week to practice on the Modern Appliance floor, but all of the foresightedness used by the Walker township lads was of no avail.

The visitors got wild in the last

## HITTIN' 'EM AND MISSIN' 'EM

We didn't really expect to win anyhow, but the game was good practice for some which will follow. Coach Swain says that the day of reckoning is coming with Columbus, and he has put January 5 down as the date. By that time Columbus, we will have the rough edges knocked off, and will turn the trick.

### HOW ABOUT MOORES HILL?

Even Shelbyville got poofed off, Mooreville did the trick, 35 to 29. Hittin' 'em would suggest that Coach Tim Campbell had better lay off of those teams having the word "More" in them. That little town of Mooreland walloped 'em out of the state tourney, and now its Mooreville.

### MAYBE MOSCOW ALSO

Shelby didn't think we were good enough for 'em, but if they keep on dropping games to these dark horse teams, they will be glad to book us and Webb next year.

### Webb Grabs a Stall

Now listen Em, for the love of Mike, after all the good things we have been saying about your Manilla team, and to think that you let Webb double the score. We had a stall picked out for you in the county stable.

### MORE ROOM IN OUR BARN

Moscow goes to the top round with a perfect record, following their victory last night over Raleigh, 41 to 29. Another stall empty in our county stable.

### AROUND AND AROUND IN A ROUND BARN

This county has an eternal triangle in basketball. Figure this out: Manilla beat Carthage, Carthage beat Webb, and then Webb beat Manilla. You can't get any place running around like that.

### GRINKIE MOORE REFEREED THIS GAME

Connersville 10; Liberty 7. Sounds more like baseball than basketball.

Susie's hand came straight home from Columbus last night, and dodged the police.

Milroy is having their share of tough luck. Lost to Waldron last night 26 to 16.

### EAT A PICKLE, COACH

Zartman, Carthage coach, is all swelled up—not over basketball particularly, but on account of the mumps.

### KICK THE DOPE BUCKET OVER, ARLINGTON

Carthage plays Arlington tonight. Last week Morristown beat Arlington and last night Carthage beat Morristown, which gives the dope in favor of Carthage, but you never can bank on the dope bucket.

Time is short today. If we had a few more basketball teams in the county, we would put the Basketball World out of business.

# Our Super-Value Overcoat Event

BEGINNING SATURDAY, NOV. 17th—CONTINUING DURING ALL OF NEXT WEEK

For weeks we have been preparing, arraging, pricing, marking the great array of overcoats we have gotten together this season. NOW WE ARE READY.

Don't overlook this opportunity to at least INSPECT the greatest collection of Men's and Boys' Overcoats ever assembled in Rushville. And the Prices — Well, we'll tempt you, if you will only look at them.

Here are Overcoats in the newest fashions, tailored in warm, durable woolens and finished with the precision of custom-made Coats. Many of them are silk or satin-lined. That means you are getting quality plus extremely low price—lower than you would believe for Overcoats of such high-grade standing.

Ulsters, Ulsterettes, Raglans, Chesterfields—the whole Overcoat group—are here, in all the wanted colors and styles.

## Society

The Get-To-Gether Club will be entertained Monday afternoon at 2:30 o'clock at the home of Mrs. Maggie Gray in North Perkins street.

Mr. and Mrs. Paul Foster and son Emerson entertained Mrs. Marie Rohm, the primary teacher in the Glenwood school, with a six o'clock dinner Thursday evening, after which they saw "The Birth of a Nation" at the Princess theatre.

The Monday Circle meets Monday afternoon at the home of Mrs. Ed Chambers in East Seventh street. Mrs. Demarech Brown of Indianapolis will lecture at this meeting on her North African travels and it will be the first guest meeting of the year.

Mrs. Elmer Caldwell delightfully entertained the members of the Tarry-A While club Friday afternoon, with the regular meeting. The ladies enjoyed the hours informally and as the feature of the afternoon, delicious refreshments were served by the hostess.

Mr. and Mrs. G. V. Conway and the Rev. and Mrs. L. E. Brown entertained Friday evening with a three course dinner party at the home of the former in North Main street, honoring their wedding anniversaries. The dinner party is an annual affair of the two couples as they were married on the same day, and it has been a custom to celebrate together, it having been previously celebrated at the home of the Rev. and Mrs. Brown. The appointments for the table were carried out in the color scheme of pink and white and a bouquet of fall flowers centered the table. Covers were laid for fourteen guests.

The bridge party given by Mrs. Fred Caldwell, Mrs. L. L. Allen, Mrs. Edward Churchill and Mrs. Hillary Haydon, Thursday and Friday afternoon of this week, at the home of Mrs. Caldwell in North Morgan street was one of the pretty social functions of the fall season given by the society ladies of this city. On both afternoons the ladies entertained with fourteen tables of cards and all the appointments were carried out in the pretty color scheme of yellow and white. Several out-of-town guests were among those present at each function. As the closing feature of both afternoons the hostesses served their guests with a delicious luncheon.

Mrs. (Selman) Webb entertained Friday at high noon with a bountiful chicken dinner, honoring Mrs. Mary E. S. Conover's birthday, the day of her birth occurring on the same day as that of Mrs. Webb. Those present were Mrs. Guffin, Mrs. Conover, Mrs. Mary H. Gregg, and Mrs. Webb, these four being the charter members of the Women's Relief Corps. James C. Gregg and Selman Webb were also present. These ladies have made arrangements to make the affair an annual one, as long as two are living. The meeting last year was with Mrs. Gregg. A large birthday cake, with the years of 1846, 1856 and 1923 on it, signifying the births of the

### TO CUT WHEAT ACREAGE

Indianapolis, Ind., Nov. 17—A proposal to organize the farmers of Indiana and cut the wheat acreage 50 per cent next year will be considered at a mass meeting of Hoosier wheat growers here December 18, it has been announced at the headquarters of the Indiana Farm Bureau federation.

### To Prove It Wasn't True, Evangelist Refused Money

Hartford City, Ind., Nov. 17—Despairing of the "widespread indifference of churchgoers," Rev. George Stephens, evangelist, suddenly terminated a series of revival meetings and declared he would not take a penny of the money collected for him.

"It's useless to go on longer," he said. "My life has been cut short by the fight against sin and indifference in this city."

"But for the benefit of this who claim I'm a grafter I just want to say I am not going to touch the money raised."

### FOR APPENDICITIS

Word has been received here by relatives that Fred Cochran, of Newcastle, formerly of this city, underwent an operation Friday morning for appendicitis at the Miller hospital in Newcastle. He is reported to be getting along as well as could be expected.

### LIBRARIANS ELECT

Indianapolis, Ind., Nov. 17—Members of the Indiana Library Trustees' association Friday elected Dr. C. Holdfather, of Crawfordsville, president. Judge Ora L. Wildermuth, Gary, and Mrs. Mary Davidson, Evansville, were chosen members of the executive committee.

"The Angel of Crooked Street"

In "The Angel of Crooked Street," which will be shown at the Castle Theatre Saturday, Alice Calhoun assumes the role of a young maid in the employ of a rich woman, and because of circumstantial evidence is sentenced to five years in a reformatory. The girl never forgets the coldness and cruelty of her former employer, who easily could have secured for her a lighter sentence. In the midst of her incarceration at the reformatory the girl hears of her mother's death. This further embitters the innocent girl and she plans to avenge herself upon the woman who was a factor in sending her to prison. After leaving the reformatory, Jennie falls in with a gang of crooks who befriend her and grow to love her. They give her the name of "Angel Face." At a restaurant Angel Face meets with Schuyler Sanford, son of the rich woman upon whom she wishes revenge. She intrigues to entangle the young man into a love affair as a means of revenge, but hate turns to love and she is powerless. These things do not come to pass without a tangle of attempted crime and heart burnings that threaten complete ruin of the young girl's life. In the end her woman's heart shows her the right way out.

Douglas MacLean at Princess

An entire railroad was purchased by the Thomas H. Ince for the filming of several scenes in "The Sunshine Trail," the latest Ince comedy starring Douglas MacLean which will be shown at the Princess theatre Saturday.

A number of shots in this comedy production, which tells the story of a guileless cowboy who gets himself

into endless ridiculous situations when he tries to "do good to some one every day," required a railroad train as a "prop." Renting trains is an expensive proposition as the producer discovered when he was making "Skin Deep," a melodrama in which a convict effects a spectacular escape from prison by jumping down on a passing train and then being picked up by an aeroplane.

When Ince happened to see advertisements of the sale of a small railroad branch which had been built for an abandoned mine he decided to purchase it outright so that it would be available not only for "The Sunshine Trail" but for any other productions in which trains appear. "The Sunshine Trail" tells the story of a young chap who goes west after the war to make his stake. When he decides to return home, he finds that he is officially dead, according to a communication from the war office which reported

him killed in the Argonne. He falls in with a band of bank robbers in his effort to "scatter sunshine on the way" and lands in jail before the funds rolls by and his philosophy brings him out on top of old man trouble.

Douglas MacLean, Edith Roberts and Baby Mariel Frances Dana head the cast in this comedy drama that is as refreshing as its title.

Buster Keaton will also be on the program in the comedy entitled "My Wife's Relations."

Lester Cuneo at Mystic

The Mystic theatre announces with considerable pride that it will Saturday have the privilege of showing Lester Cuneo's latest picture, "The Masked Avenger," which stars the well-known Western leading man and features Mrs. Wallace Reid.

The Wallace Reids one and only child, "Billy" Reid, also has a part in the picture. The Masked Avenger is a melodramatic story of the night riders, and Cuneo and Mrs. Reid have excellent opportunities for dramatic work. The story was written especially for them by Leo Meehan and Henry McCarty. It was produced under the supervision of Charles W. Mack and directed by Frank Fanning.

You Can Save Repair Bills

By Keeping Your Car in Condition

The trouble with most people is that they allow small defects to run too long before hunting the repair man. Thus little defects become big ones, and repair bills are proportionately large. ## TO REVISE LIST OF HIS ASSETS

Governor McCray Will Have it  
Ready For Resumption of Bank-  
ruptcy Hearing Tuesday

### DETAILS OF \$155,000 LOAN

McCray Says One or More Members  
of Agricultural Board Were Pre-  
sent When it Was Made

(By United Press)

Indianapolis, Ind., Nov. 17.—Governor McCray today started preparation of a complete and revised list of his assets and liabilities for presentation when the hearing before Harry C. Sheridan, referee in bankruptcy, is resumed Tuesday.

Preparation of the list was ordered when, at the end of two days' of testimony, the governor was not certain just what his liabilities were, and couldn't give an "offhand statement."

Details of the loan of \$155,000 of the funds of the state board of agriculture to Governor McCray were heard during his testimony yesterday afternoon.

McCray reaffirmed his statement that the money was loaned to him by I. Newt Brown, secretary treasurer of the board.

Brown has persistently maintained that the money was intended for deposit in the Discount and Deposit bank at Kentland, and that the first he knew of the supposed "loan" was when McCray mentioned it in his answer to the petition in bankruptcy some time ago.

The governor, under close questioning, admitted that he gave Brown only \$87,746 as collateral for the state funds. He also admitted use of predated checks and notes to secure the loan.

On some installments of the loan the governor said he did not give Brown any collateral until nearly two months after the money had been turned over to him.

McCray testified that at least one and perhaps more of the members of the state board were present when the securities were given to Brown. However, the governor was not certain just what members were present.

After two days of continuous grilling, Governor McCray almost broke down as he left the stand.

With tears in his eyes and his voice trembling with emotion, he said: "I have nothing left in the world but my salary."

## PLAN DRIVE ON CONGRESS

Women's Party Leaders in Washing-  
ton to Discuss Amendment

Washington, Nov. 17.—Two hundred women who would wield the "better half" of the nation into a feminine political party, met here today to lay out plans for hastening the day when women will be the legal and political equal of man.

To effect this, they have proposed that congress enact the so-called Lucretia Mott amendment to the constitution, providing that "men and women shall have equal rights in the United States and all places subject to its jurisdiction."

The women, all section leaders of the nation of the national women's party, which backs the amendment, were summoned here by Mrs. O. H. P. Belmont, society leader of New York and president of the party, to discuss means of coercing congress to enact the amendment at the present session.

### BUS SERVICE OFFERED

The Indianapolis & Cincinnati Traction Company has signed contracts with the W. A. Brown Auto Bus Company, of Osgood, for an auto bus extension service between Greensburg, the southern extremity of the traction line in the territory, and Versailles. The service will be in effect Tuesday. It will provide three daily round trip connections. Similar service between here and Brookville is offered by the I. & C.

### MILLION DOLLAR FIRE

Savannah, Ga., Nov. 17.—Fire which broke out in the Central Georgia railway shops here during the night, caused damage estimated at nearly a million dollars officials said today.

## MISSIONARY CHAUTAUQUA

To Be Held Next Week At The  
First Baptist Church

Beginning next Monday night a five day Missionary Chautauqua will be conducted in the First Baptist church. A splendid program of inspiration and information has been planned and projected by the executive committee of the East Central Association.

Dr. C. M. Dinsmore, general superintendent of the Indiana Baptist convention, will speak Monday night. Stewardship will be the theme for Tuesday night, the speaker to be supplied. The Rev. G. C. Mitchell, district superintendent of this district, will speak Wednesday night.

Dr. Dying, a missionary on furlough from China, will speak Thursday night and the chautauqua will close with an address by Miss Mertie Huckleberry, state director of children's work, on Friday evening.

## MISTAKE IN SHIPMENT OF RADIATORS BLAMED

New Steam Heating Plant at St.  
Paul's Church Otherwise would  
Have Been Finished

### BASEMENT IS NOT COMPLETED

Although it has been a year since a fire in the basement of St. Paul's Methodist church caused the official board of the church to decide to remodel and enlarge the basement and install a new heating plant, the improvement has not been completed and the congregation has been unable to use the church auditorium this fall due to the delay in completing the heating system.

The remodeling which is being done will cost between \$25,000 and \$30,000, it is estimated. The basement is being extended under the whole building and will be equipped with a kitchen and other conveniences that will make it very useful to the congregation. It is now expected that the basement will be dedicated some time after the first of next year.

It would be possible to hold church in the main auditorium at this time were it not for the fact that the wrong radiators for the auditorium were shipped by the company having the contract. Radiators for the basement and Sunday school rooms arrived all right, but those for the auditorium were for a hot water plant, and it is a steam plant that is being put in. Church services are being held at the court house assembly room pending completion of the heating plant.

## 22,165 APPLICANTS FOR \$100,000 PRIZE

Many Enter Contest For Best Prac-  
ticable Plan in Which U. S. May  
Cooperate to Preserve Peace

### TO ANNOUNCE WINNER JAN. 1

New York, Nov. 17.—There are at least 22,165 people who consider themselves capable of establishing peace in the world, plans submitted to the office of the American Peace Award here indicated today.

Applications for the \$100,000 prize offered by Edward W. Bok for "the best practicable plan in which the United States may co-operate with other nations to preserve the peace of the world" closed last midnight.

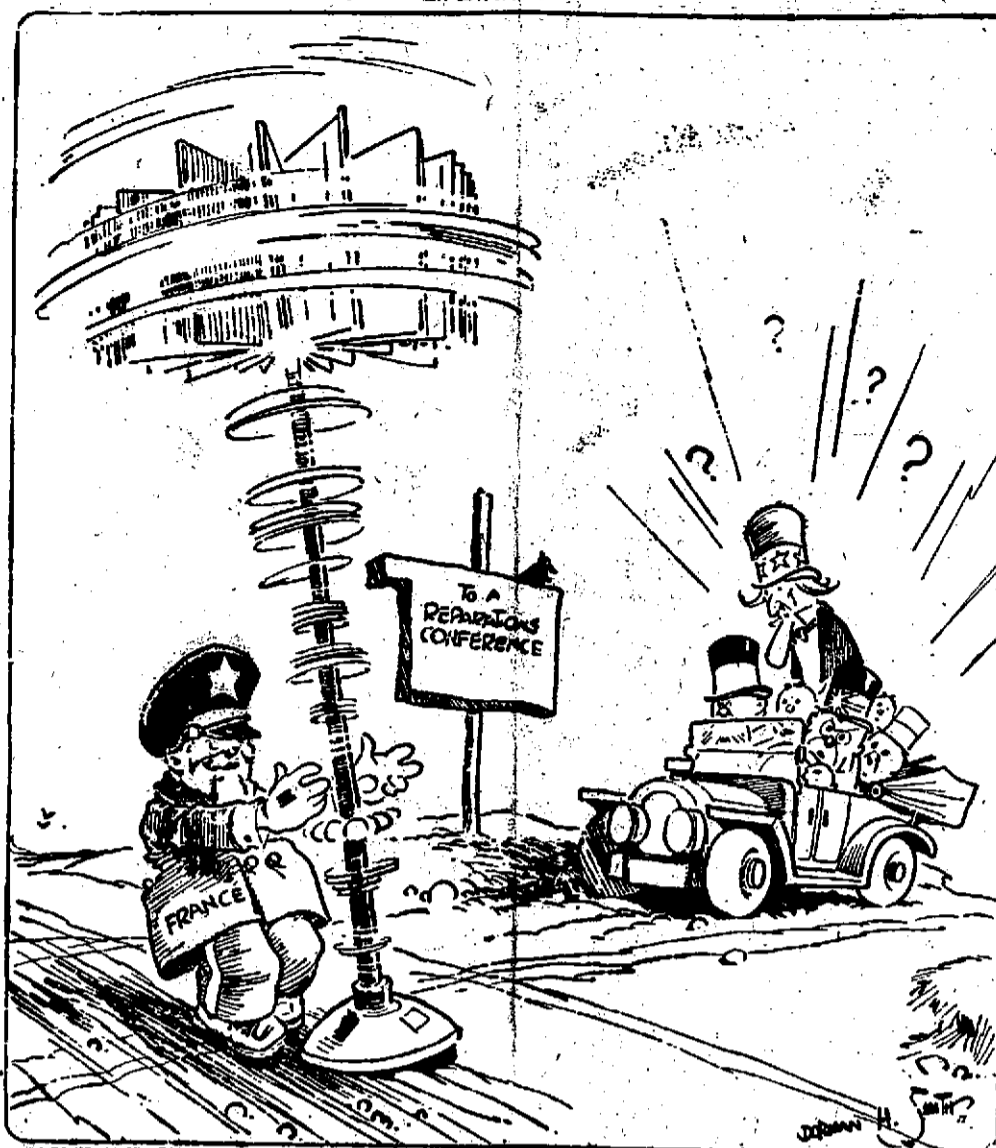

There were scores of last minute applications, some coming by cable, from all parts of the world. The total, as checked today, was 22,165. Although the contest is limited to Americans, plans have been received from many foreign countries including Brazil, Holland, Japan, China, Greece, England, Italy, Germany, Uruguay, Mexico and others.

The committee hopes to be able to select the winner by January 1.

### SECOND APPEAL MADE

Indianapolis, Ind., Nov. 17.—Indianapolis police have received a general appeal to aid in the search for Miss Marguerite Dearth, daughter of Judge Dearth of Muncie, who has been missing since Nov. 1.

## VARIED OPINION ON M'ADOO PLAN

Scheme to Pay Bonus And Reduce  
Taxes Received With Jeers And  
Qualified Approval

### SEN. WALSH APPROVES IT

Sen. Smoot Scouts Idea of Paying  
Bonus by Issuing 50 Years Bonds  
—Not New Idea

(By United Press)

Washington, Nov. 17.—William G. McAdoo's plan for paying a soldier bonus and reducing taxes at the same time was received here much as Secretary Mellon's tax reduction program—with jeers from some quarters, and with qualified approval from others.

McAdoo's position as an almost certain candidate for the Democratic nomination for President made Democrats wary about commending his plan lest their approval be construed as endorsement of McAdoo.

The McAdoo plan proposed that the bonus be put on the same basis as other war obligations and "funded," an issued of fifty year bonds to provide means of eventual payment. These bonds would be retired through annual sinking fund appropriations with the interest, McAdoo estimated would run from \$50,000,000 to \$90,000,000 a year.

Senator David I. Walsh, Massachusetts, Democrat, veteran champion of the bonus, however, gave the United Press the following statement:

"The plan of financing the adjusted soldiers' compensation as outlined by Mr. McAdoo impresses me as one entitled to most careful consideration. Let the income taxes be reduced and either the interest on our allied debts be used to pay the soldiers compensation or a bond issue, such as Mr. McAdoo outlines, be made."

Senator Smoot, Utah, Republican, chairman of the finance committee and powerful opponent of the bonus minus tax features, freely expressed his contempt of the scheme.

"Fifty year bonds," said Senator Smoot, "pouff!"

"There's nothing new about that. It's a nice political way of putting it. That scheme would mean paying taxes on the bonds for fifty years. In other words, Mr. McAdoo says 'I won't be running for the presidency then, let unborn children pay for it.'"

American Legion headquarters declared they were simply for adjusted compensation without regard to what plan was used to provide it.

## SLOW PROGRESS IN RED CROSS ROLL CALL

Only Dozen Memberships Reported  
During First Week But Others  
Are Expected To Join

### NO ACTIVE CANVASS MADE

The Annual Red Cross Roll Call drive, which is under way in Rush county, is making slow progress, according to Miss Elvora Sleeth, in charge of county headquarters, and only a dozen memberships have been reported during the week's campaign.

In years past each township made a concerted effort in canvassing for members and renewals at one dollar, but this year there will be no special effort put forth in obtaining members, and those who wish to keep up their membership should get in touch with their township director, or make applicants direct to Miss Sleeth at the county recorders office.

The Red Cross in the past few years has sponsored a county nurse, but this has been abolished for the ensuing year, which lessens the annual expense.

Even with the expenses reduced, memberships should not be neglected, it is pointed out, and the local organization is hopeful that the contribution will be made without the usual house to house canvass.

### MILROY SCHOOLS TO OPEN

The Milroy schools, which have been closed this week, while the furnace was being repaired in the building, will open Monday. At first it was thought that the repairs would not be made in time for the opening Monday and that they would not be opened before Wednesday, but due to fast work on the part of the workmen, the furnace will be in shape for the opening Monday.

## CORN SHUCKERS ASK HIGH PRICES

Problem Farmers Have Had To Deal  
With For Past Few Weeks In  
Harvesting Record

### DEMAND IS EASING UP SOME

Rush County Crop Will Average 42  
Bushels An Acre, With Majority  
Going For Grain

The high prices which farm labor has been asking for corn husking has been a problem that farmers have had to deal with for the past few weeks, during which they have been endeavoring to get in the crop the largest corn crop in the history of Rush county.

The average price demanded for corn shuckers has been five and six cents a bushel, with board, but the demand for help has slackened in the past few days, according to indications at the county agent's office because few requests for huskers have been received.

The corn crop in Rush county is averaging forty-two bushels an acre, according to the Indiana crop report for November, just off the press. This report also estimates that eighty-four per cent of the corn is being shucked for grain, six per cent for silage and ten per cent is being hogged off.

The average for Rush county is a few bushels above the average for Indiana, judging by the state crop report, which shows the average in some counties is fifty bushels or better. In Lagrange and Dekalb counties it is fifty bushels and in Adams it is fifty-two. Most of the counties, however, are not obtaining an average above forty bushels, while there are a dozen or more in Rush county's class, with an average ranging between forty and forty-five bushels.

The majority of the corn is being husked at a price lower than 6 cents, however, it is believed. Farmers declare that the prevailing prices for shucking corn range from 3 cents to 6 cents per bushel, the amount being determined by the urgency of the farmers' needs and other conditions.

In cases where farmers have hands living on their places in house furnished by them the rate naturally is lower and here the usual price is about 3 cents per bushel, but single men who work from day to day get 4 and 5 cents where the bushel standard is used.

The average man with experience can husk between 50 and 70 bushels

## CYNTHIA KRAMMES IS DEAD

Widow of Andrew Krammes Expires  
at Buena Vista Friday

Word has been received here of the death of Mrs. Cynthia Krammes, widow of the late Andrew Krammes, which occurred Friday afternoon at two o'clock at the late residence in Buena Vista, Franklin county. The deceased had been ill for several months, suffering with a complication of diseases. She was eighty-six years of age.

The survivors are Miss Della Muse, who stayed with her mother, Mrs. Anna Simpson, of Connersville, and Mrs. Jerusha Pruitt of Buena Vista, and two sons, Marshall Krammes, of near Homer, and Hadden Krammes who lived at Buena Vista. No word has been received as to the time of the funeral services.

Gov. J. C. Walton of Oklahoma  
Amazes Senate Impeachment  
Body With Announcement

### REMOVAL REGARDED CERTAIN

(By United Press)

Oklahoma City, Okla., Nov. 17.—"I reached the conclusion that I could not have a fair trial in this court. I hereby withdraw."

Governor J. C. Walton amazed the senate court of impeachment today by rising from the midst of his counsel at the center table and making this statement.

Both sides agreed today its highly probable the impeachment of Governor Walton will be voted by the Oklahoma senate within a fortnight.

The house board of managers brought the case towards a closing today with little prospect, however of completing it before Monday night. They are satisfied with the decision of completing it before Monday night portably charges against the suspended governor to which delinquencies of the Ku Klux Klan might be raised in defense.

The defense, convinced that as things stand a sufficient majority exists in the senate to impeach, bent every effort to bring the masked order and the governor's fight before the court and the public.

## OPPOSED TO OCCUPATION

Premier Mussolini Against Further  
Action in Germany

(By United Press)

Rome, Nov. 17.—Premier Mussolini in an address to the senate went flatly on record as opposing further occupation of German soil and any demand on Germany for surrender of former crown prince.

"I must say the Italian government could not approve the additional occupation of German territory," said Mussolini. "We must not think of destroying the German people which had our own civilization and will tomorrow be an integral part of European civilization."

## MARGARET E. BLACK DIES

Wife of Lucky Black Expires Sudden-  
ly Friday Night

(By United Press)

Mrs. Margaret E. Black, age 45 years, wife of Lucky Black, formerly of this city and Carthage, died suddenly Friday night at 11:45 o'clock at their home in Raysville, death resulting from paralysis.

The deceased was in her usual good health yesterday, and her death proved quite a shock. A son, William Black, a former basketball player on the Carthage team, who joined the navy several months ago, finished his enlistment and had just returned home yesterday, a few hours prior to his mother's death.

Mr. and Mrs. Black lived in Carthage until a year ago. The funeral services will be held Sunday afternoon at two o'clock at the late home and burial will be made in East Hill cemetery, Rushville.

## DISTRIBUTION OF TAXES FINISHED

Sum of \$187,206.32 Divided Among  
Taxing Units of County as Share  
of Fall Installment

### LOCAL SCHOOLS GET MOST

Does Not Include Advances Made to  
Rushville City and Anderson And  
Noble Townships

Distribution of the fall installment of tax; among the taxing units of the county were completed Friday by the county auditor, Phil Wilk, and vouchers for the amount to which each township, municipal corporation and school corporation is entitled will be delivered to the proper officials when they call at the auditor's office.

The total amount distributed among the county divisions was \$187,206.32. This does not include \$7,000 which had been advanced previously to the distribution, \$1,000 each being paid to Anderson and Noble townships from the special school funds and \$5,000 to city of Rushville out of the corporation tax, which is used to pay the expenses of the city government.

Neither does this total include \$48,308.95 which will be paid to the state December 1 as its share of the fall installment, which is taxes collected for the state highways, school fund, benevolent institutions, state running expenses and other items of state expense. The amount which would be distributed at this time, had no advance payments been made, would have been \$240,515.34.

The gravel road bond and interest tax and general county expenses do not appear in the distribution as these accounts are paid out directly by the county treasurer on auditor's warrants. The gravel road bond and interest tax is one of the biggest items, amounting to \$95,682.42, and will be used to meet gravel road bonds falling due and the interest on bonds outstanding. Receipts from the sale of the bonds were used to build new roads in the county.

Rushville school city receives more than any taxing unit in the distribution, its voucher calling for \$32,327.19. Rushville city is next with \$21,684.59, not counting the \$5,000 advanced. Walker township received more than any township in the county and Jackson township received the least.

The amount going to each division and the purpose for which it will be used is as follows, it being kept in mind that township tax is to meet township operating expenses, special school for maintaining schools, tuition fund for paying school teachers:

#### Ripley Township

Township tax, \$658.95; road tax, \$54.89; special school tax, \$6,623.77; local tuition fund, \$6,636.04; library tax, \$494.78. Total \$14,458.42.

#### Posey Township

Township tax, \$629.05; road tax, \$5.87; special school tax, \$5,451.77; local tuition fund, \$4,615.95; library tax, \$104.83. Total \$10,807.27.

#### Walker Township

Township tax, \$891.75; road tax, \$14.08; special school tax, \$7,134.73; local tuition fund, \$7,220.37; library tax, \$178.34; school bonds, \$1,261.84; vocational agriculture, \$1,905.16. Total \$19,005.57.

#### Orange Township

Township tax, \$162.66; road tax, \$21.34; special school tax, \$1,629.45; local tuition fund, \$2,974.82; library tax, \$81.47; vocational agriculture, \$977.67. Total \$5,847.41.

#### Anderson Township

Township tax, \$662.40; road tax, \$42.52; special school tax, \$7,933.51; local tuition fund, \$6,658.10; library tax, \$110.41; school bonds, \$2,208.02. Total \$17,614.96.

#### Rushville Township

Township tax, \$1,263.14; road tax, \$32.16; special school tax, \$5,920.88; local tuition fund, \$3,733.43; school bonds, \$2,559.54. Total \$13,509.15.

#### Jackson Township

Road tax, 63 cents. No taxes were levied for school purposes last year because the township had a balance sufficient left over from last year to meet the expenses of sending their children to the Rushville schools. The balance was due to a high levy the year previous in anticipation of a new school building, which was

## MAP OF STATE HIGHWAY SYSTEM, 1923

### ROADS RECENTLY ADDED BY THE COMMISSION

(Clip this out for reference)

(Consult the map for the location of the roads)

Indianapolis, Ind., Nov. 17—Forty-six and one-half miles of concrete pavement were completed this week on five state trunk lines and will be opened to traffic about December 1. John D. Williams, director of the state highway department, announced today in the commission's traffic bulletin showing condition of state highways for the week of November 18-24.

This work is in six projects, two on No. 10 just south of Terre Haute and north of Evansville; east of Michigan City on No. 25; south of South Bend on No. 1; east of Evansville on No. 16, and west of Fort Wayne on No. 46, and is part of the commission's program of paving about 200 miles this year. Estimates in the office of C. Gray, chief engineer, the bulletin says, show 155 miles of pavement laid this year which is 72.3 per cent of the mileage contracted.

The McCray expansion program in which all sections of Indiana will benefit from state roads calls for paving approximately 400 miles next year, and the commission soon will place 1924 projects under contract, Mr. Williams said.

Attention was called that paving on No. 3 (National Road) between Richmond and the Ohio line is completed and traffic going over same. The detour at the end of the brick pavement 3 miles north of Portland to the Jay-Adams county line, or No. 21, in force for several weeks owing to construction, will be removed about November 20.

State road conditions as set forth in the bulletin follows:

No. 1—Construction from Carmel to 9 miles south of Kokomo. Short section of new pavement are open to local traffic. (Thru traffic north from Indianapolis advised to take No. 15 and avoid this construction). Detour from Lakeville to South Bend on hard surface road 3 miles east, thence on pavement north to city. Local traffic using 5 1/2 miles of new pavement from 2 miles north of Crothersville toward Seymour. Closed for through traffic between Seymour and Crothersville. Use Dudleytown detour.

No. 2—Twelve miles of new pavement between Ft. Wayne and Ohio line is open to traffic.

No. 3—New pavement between Richmond and Ohio line open to traffic. One-way traffic may cross

overhead bridge at Monon railroad at Putnamville.

No. 4—New stone near Medina; grading east of Holton, and new stone east of Bedford and west of Aurora.

No. 5—Through traffic detour at Greenville over county road via Georgetown to Edwardsville entering New Albany on No. 15. Detour via Mitchell and Paoli account of construction between Loogootee and West Baden. Water binding east of Paoli.

No. 6—Take No. 15 leaving Indianapolis on Northwestern Avenue to avoid construction just north-west of city. At junction of 15 and 33 turn west through Lebanon.

No. 9—One mile of construction beginning at 4 miles south of Brazil. East detour is fair. Construction between Jasonville and Clay City.

No. 10—New pavement open south of Ingfield. North bound traffic from Evansville take old state road as formerly used to Ingfield, thence on new pavement to Hauptstadt road, thence detour through Hauptstadt and Fort Branch to reach Princeton. Detour one-half mile west at 4 miles north of Sullivan account of bridge construction. Drive carefully over a new fill south of Clinton.

No. 11—At 5 miles north of Alexandria detour 1-mile east around bridge construction.

No. 12—Grading between Marionsville and Centerton.

No. 13—Construction from Garrett to 10 miles south. Construction from Michigan line south for 8 miles; detour via Freemont.

No. 14—Under construction from Tell City to Junction of No. 16.

No. 15—Closed through Royal Center, and between Laporte and Michigan City. Drive carefully over new grade 3 miles north of Marion county line. Bridge out 4 miles north of Indianapolis; detour marked.

No. 16—Construction between Evansville and county line; between Booneville and Gentryville; heavy grading from St. Meinrad to Leavenworth.

No. 18—Construction from 5 miles north of Dale.

No. 21—Detour at end of brick pavement 3 miles north of Portland account of construction will be removed about November 20. Detour west of No. 21 at Jay-Randolph county line. Road side detour open to light traffic only. Trucks use are marked.

main detour and all traffic use it in wet weather.

No. 22—Grading north and south of English.

No. 24—Heavy grading between Palmyra and Salem.

No. 25—Closed from Angola to Lagrange county line. Closed from Michigan City to New Carlisle. However, Laporte traffic may go over new pavement to State Road 15. Through traffic advised to follow marked detour to north.

No. 26—Culvert construction south of Dupont. Heavy grading, new culverts and construction between Bloomington, Columbus and Scipio. Take Elizabethtown detour.

No. 32—Bridge out north of Cloverdale. Take run-around. Repairing bridge south of Spencer permits one-way traffic alternating hourly. (Avoid crossing if possible for next ten days.)

No. 33—Bridge out 4 miles west of Covington. West bound traffic take north detour; east traffic the south. Closed from 11 miles east of Muncie to Selma account construction.

No. 40—Grading between Scottsburg and Blocher, and between Madison and Vevay, with a detour between Scottsburg and Blocher. Culvert construction between Rising Sun and Aurora; drive carefully. Closed east of Haysville with no suitable detour. North bound traffic from Jasper go to Loogootee via Pottersville and Alfordville. West bound traffic from Paoli to points south of French Lick turn north to Mitchell thence on 41.

The scarcity of labor, which made it necessary for farmers in some instances to bid against one another in order to get help, is attributed for the increase in husking prices.

There are few young men in the county who can be obtained for farm work, it was said this morning. As soon as they get to be 18 or 19 years of age they are lured to the larger cities where they are employed at the factories with the result that the

## FOR CONSTIPATION

**Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.**

Hatfield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach.

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

## COLUMBUS SHOWS HEELS TO LOCALS

Bull Dogs Defeat Rushville Friday Night, 41 to 26, Keeping Lead All The Way

### LOCALS THREATEN OFTEN

Cut Lead to Two Points Early in Game And Narrow Margin to Six Points Last Half

The Rushville high school basketball team was unable to cope with the Columbus high school Friday night on their new gymnasium floor in that city, and the final count was 41 to 26, with the Bull Dogs in front.

Rushville never gave up fighting, and at several stages in the game came within a few points of evening the count, but Columbus would tighten, and hold their own against the advance.

Columbus put up a good defense, and the locals also were forced to exert themselves to check the offense of the Bull Dogs. Carter, forward, began early in the game to loop the ball through, and he counted 7 field goals during the game.

Hall, their center, edged five from the field. Walker and Snoddy lead Rushville in scoring with each player having 4 goals to their credit.

The Bull Dogs jumped into the lead when Snoddy fouled and Irvine counted one goal. Then Carter scored two points, that gave Columbus a good start, but when Walker scored from the side line, things took a different appearance.

Carter scored again on a field goal, and when Comella fouled, Hall made good two chances, and the Bull Dogs were out in front, 7 to 2. Snoddy made one foul out of two chances when Hall fouled him, but Carter came back with two points for the next tally, making the score 9 to 3.

Rushville took a spurt at this stage, when McNamara made two points on fouls, after Irvine had fouled him, but the score was soon 11 to 5 when Carter again tipped one in from under the basket. Walker and Snoddy each followed suit with baskets from the field, that boosted Rushville within two points of the leaders, 11 to 9, and the Bull Dogs called time.

Soon after Columbus entered the game again, Carter scored for two points, and his goal was matched by one from Walker, with Rushville still within the two point space, 13 to 11.

Columbus, however, could not be downed this early in the game, and they drew away with a foul goal and two field goals, and had 18 points to the locals 11, but when Snoddy and Walker dropped in goals, it again made things interesting with the count of 18 to 15.

At this stage of the game, with only a couple of minutes left in the first half, Warth and Newbold were substituted at forwards, and Sherman replaced Comella at back guard.

The locals, however, could not manage to beat the Bull Dogs during the rest of the period, and the first half saw Columbus out in front, 24 to 15.

In the last half the regular line-up for the locals again went into the game, but the onslaught of Columbus continued when they made two more baskets, 28 to 15.

Several fouls were called at this period, but neither team had luck on the shots, except Walker who made one more point and then Hall watched his shot with a foul shot, that made the score stand 29 to 16.

Snoddy was the next to score on a foul, and Hilligoss jerked the ball from under the net for two points, that gave Rushville 19, and Columbus 20. Carter scored on a field goal, but McNamara caught the basket from the side line, that again kept the locals with the ten point margin, and the play had ten minutes yet to go.

Hopes ran high at this period, when the locals seemed to be staging their half rally, and Snoddy grabbed off two baskets that made the score 31 to 25, and with the locals trailing at six points, Columbus called time.

After their two minutes rest period the Bull Dogs started off fresh, and the score began to gradually climb in the closing minutes of play, and the two local forwards were again replaced by substitutes in the last two minutes, and the only scoring that the locals made was a lone

### Hornsby's Purchase

By HENRY L. FARRELL  
(United Press Sports Editor)

New York, Nov. 17.—In answer to persistent reports that Rogers Hornsby, the National League's most valuable player, is to be traded during the winter meetings of the major leagues, the St. Louis club owners reply, with emphasis, that Hornsby

## CARTHAGE STARTS AND FINISHES FAST

Carthage high school started off and finished fast with Morristown last night at Carthage, when the final score was 29 to 14.

Carthage jumped into the game at the start and piled up 9 points before Morristown scored, but before the half ended, Morristown took a spurt and the score was 13 to 12. Carthage used two substitutes during the entire first half.

In the last half Morristown tied the score with a foul, but after Carthage got started, they could only score another foul, and the game ended 29 to 14, with Morristown making only two points in the last half.

Arlington and Carthage meet tonight at Arlington, and the two girls' team will play the curtain raiser. Carthage plays at Milroy November 23.

## GOSNELL CAGES 12 FOR MOSCOW TEAM

Moscow and Raleigh engaged in a hot battle Friday night on the Blue Ridge floor, and although Moscow led in nearly every stage, the game was close and hard fought, and the winners pulled away in the last few minutes of play by the score of 41 to 29.

The first half ended 17 to 13 in favor of Moscow. These two teams are recognized as being the leaders in the county, and the 11 point lead is not regarded as a safe margin.

M. Craig, center for Raleigh, scored 7 field goals, and Gosnell, his opponent scored 12 goals. The line-up and summary:

Moscow 41 Raleigh 29  
B. Hungerford F. Clifton  
Casey F. G. Craig  
Gosnell C. M. Craig  
Tillison G. Newkirk  
H. Hungerford G. Rider  
Goals, Casey, Gosnell 12, Tillison 4, Clifton 2, G. Craig 2, M. Craig 7, Newkirk. Foul goals, Moscow 7 out of 12; Raleigh 5 out of 13.

## WALDRON SHOWS STRENGTH

Waldron showed their strength Friday night over the Milroy high school, on the Waldron floor, when the basketball game ended 26 to 16 in their favor.

Milroy managed to hold their own during the first half, and was behind only two points, 9 to 7, but they could not stand the pace in the last half, and Waldron gradually walked away.

Milroy is still handicapped on account of their best players being out of the game, and Coach Royalty expects to have his team take on better appearance in a few weeks. Carthage plays at Milroy next Friday night.

foul goal, that gave them 26, while the Bull Dogs finished with a rush of baskets that netted them 41 points.

The line-up and summary:  
Columbus 41 Rushville 26  
Carter F. Hilligoss  
Good F. Snoddy  
Hall C. Walker  
Harrington G. McNamara  
Irvine G. Comella

Substitutions: Mabley for Good, Phillips for Harrington, Newbold for Hilligoss, Warth for Snoddy, Sherman for Comella. Field goals, Carter 7, Mabley 3, Hall 5, Harrington 2, Hilligoss, Snoddy 4, Walker 4, McNamara. Foul goals, Snoddy 3, Walker, McNamara 2, Hall 5, Harrington, Irvine. Referee Morrison, Umpire, Gard.

## WEBB FIVE TAKES MANILLA, 32 TO 14

Em Headlee's Highly Touted Basket Shooters Unable to Cope With Fighting Team

### WERE DOPED TO WIN HANDILY

Manilla Trailing, 13 to 9, First Half, And Webb Doubles Score by Good Shooting

Em. Headlee's highly touted gang of basket shooters from Manilla, who were doped to overwhelm Webb, finished on the short end of 32 to 14 score at the Modern Appliance building Friday night.

Manilla should have won hands down, according to all of the dope available, but the fighting little Webb team has a habit of paying no attention to dope buckets, but upsetting them at every opportunity.

It looked like anybody's game the first half, with Webb maintaining a slight advantage and Manilla acting sorta dazed at being unable to pull out in front. The game saw-sawed back and forth, with neither team gaining very much of a lead, and the half ended 13 to 9 in favor of Webb.

Manilla came back determined to win in the last half, but their opponents were too crafty for them. All of the Webb men were good performers, Osborn sinking four from the field, Fair and Gibson counting three each and Young two.

Manilla, on paper, should have won with ease, because they had defeated Carthage after Carthage had won from Webb, but they couldn't turn the trick. The Manilla team came up to Rushville twice this week to practice on the Modern Appliance floor, but all of the foresightedness used by the Walker township lads was of no avail.

The visitors got wild in the last

### HOW ABOUT MOORES HILL?

Even Shelbyville got fooled off, Mooreville did the trick, 35 to 29. Hittin' 'em would suggest that Coach Tim Campbell had better lay off of those teams having the word "More" in them. That little town of Mooreland walloped 'em out of the state tourney, and now it's Mooreville.

### MAYBE MOSCOW ALSO

Shelby didn't think we were good enough for 'em, but if they keep on dropping games to these dark horse teams, they will be glad to book us and Webb next year.

### Webb Grabs a Stall

Now listen Em, for the love of Mike, after all the good things we have been saying about your Manilla team, and to think that you let Webb double the score. We had a stall picked out for you in the county stable.

### MORE ROOM IN OUR BARN

Moscow goes to the top round with a perfect record, following their victory last night over Raleigh, 41 to 29. Another stall empty in our county stable.

### AROUND AND AROUND IN A ROUND BARN

This county has an eternal triangle in basketball. Figure this' out: Manilla beat Carthage, Carthage beat Webb, and then Webb beat Manilla. You can't get any place running around like that.

### GRINNE MOORE REFEREE THIS GAME

Connersville 10; Liberty 7. Sounds more like baseball than basketball.

### Susie's band came straight home from Columbus last night, and dodged the police.

### Milroy is having their share of tough luck. Lost to Waldron last night 26 to 16.

### EAT A PICKLE, COACH

Zartman, Carthage coach, is all swelled up—not over basketball particularly, but on account of the mumps.

### KICK THE DOPE BUCKET OVER, ARLINGTON

Carthage plays Arlington tonight. Last week Morristown beat Arlington and last night Carthage beat Morristown, which gives the dope in favor of Carthage, but you never can bank on the dope bucket.

### Time is short today. If we had a few more basketball teams in the county, we would put the Basketball World out of business.

The Get-To-Gether Club will be entertained Monday afternoon at 2:30 o'clock at the home of Mrs. Maggie Gray in North Perkins street.

Mr. and Mrs. Paul Foster and son Emerson entertained Mrs. Marie Rohm, the primary teacher in the Glenwood school, with a six o'clock dinner Thursday evening, after which they saw "The Birth of A Nation" at the Princess theatre.

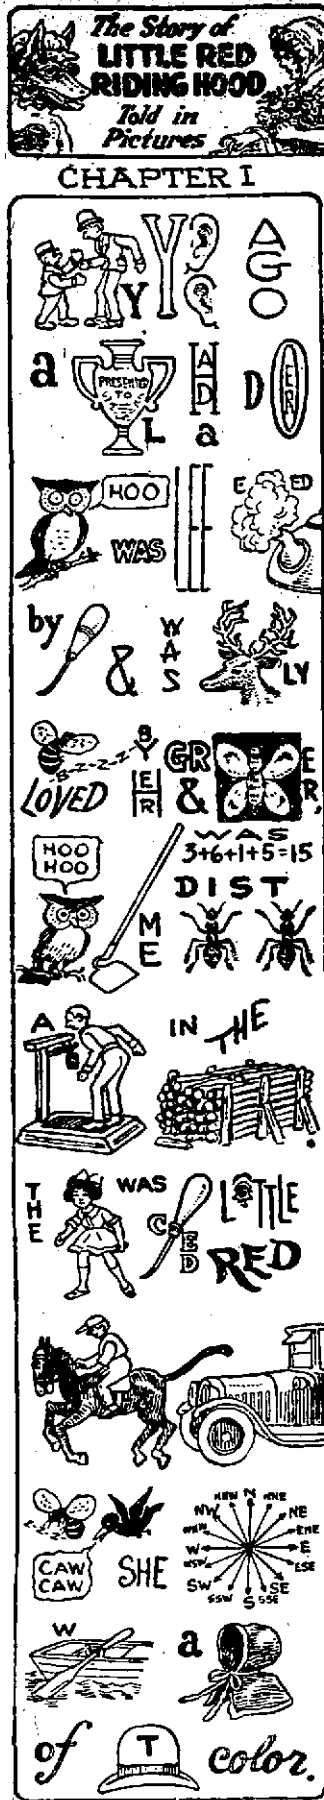

The Monday Circle meets Monday afternoon at the home of Mrs. Ed Chambers in East Seventh street. Mrs. Demarehus Brown of Indianapolis will lecture at this meeting on her North African travels and it will be the first guest meeting of the year.

Mrs. Elmer Caldwell delightfully entertained the members of the Tarry-A While club Friday afternoon, with the regular meeting. The ladies enjoyed the hours informally and as the feature of the afternoon, delicious refreshments were served by the hostess.

Mr. and Mrs. G. V. Conway and the Rev. and Mrs. L. E. Brown entertained Friday evening with a three course dinner party at the home of the former in North Main street, honoring their wedding anniversaries. The dinner party is an annual affair of the two couples as they were married on the same day, and it has been a custom to celebrate together, it having been previously celebrated at the home of the Rev. and Mrs. Brown. The appointments for the table were carried out in the color scheme of pink and white and a bouquet of fall flowers centered the table. Covers were laid for fourteen guests.

The bridge party given by Mrs. Fred Caldwell, Mrs. L. L. Allen, Mrs. Edward Churchill and Mrs. Hillary Haydon, Thursday and Friday afternoon of this week, at the home of Mrs. Caldwell in North Morgan street was one of the pretty social functions of the fall season given by the society ladies of this city. On both afternoons the ladies entertained with fourteen tables of cards and all the appointments were carried out in the pretty color scheme of yellow and white. Several out-of-town guests were among those present at each function. As the closing feature of both afternoons the hostesses served their guests with a delicious luncheon.

Mrs. (Selman) Webb entertained Friday at high noon with a bountiful chicken dinner, honoring Mrs. Mary E. S. Conover's birthday, the day of her birth occurring on the same day as that of Mrs. Webb. Those present were Mrs. Giffin, Mrs. Conover, Mrs. Mary H. Gregg, and Mrs. Webb, these four being the charter members of the Women's Relief Corps. James C. Gregg and Selman Webb were also present. These ladies have made arrangements to make the affair an annual one, as long as two are living. The meeting last year was with Mrs. Gregg. A large birthday cake, with the years of 1846, 1856 and 1923 on it, signifying the births of the

## To Prove It Wasn't True, Evangelist Refused Money

Hartford City, Ind., Nov. 17—Despairing of the "widespread indifference of churchgoers," Rev. George Stephens, evangelist, suddenly terminated a series of revival meetings and declared he would not take a penny of the money collected for him.

"It's useless to go on longer," he said. "My life has been cut short by the fight against sin and indifference in this city."

"But for the benefit of this who claim I'm a grafter I just want to say I am not going to touch the money raised."

### "The Angel of Crooked Street"

In "The Angel of Crooked Street," which will be shown at the Castle Theatre Saturday, Alice Calhoun assumes the role of a young maid in the employ of a rich woman, and because of circumstantial evidence is sentenced to five years in a reformatory. The girl never forgets the coldness and cruelty of her former employer, who easily could have secured for her a lighter sentence. In the midst of her incarceration at the reformatory the girl hears of her mother's death. This further embitters the innocent girl and she plans to avenge herself upon the woman who was a factor in sending her to prison. After leaving the reformatory, Jennie falls in with a gang of crooks who befriend her and grow to love her. They give her the name of "Angel Face." At a restaurant Angel Face meets with Schuyler Sanford, son of the rich woman upon whom she wishes revenge. She intrigues to entangle the young man into a love affair as a means of revenge, but hate turns to love and she is powerless. These things do not come to pass without a tangle of attempted crime and heart burnings that threaten complete ruin of the young girl's life. In the end her woman's heart shows her the right way out.

### Douglas MacLean at Princess

An entire railroad was purchased by the Thomas H. Ince for the filming of several scenes in "The Sunshine Trail," the latest Ince comedy starring Douglas MacLean which will be shown at the Princess theatre Saturday.

A number of shots in this comedy production, which tells the story of a guileless cowboy who gets himself

into endless ridiculous situations when he tries to "do good to some one every day," required a railroad train as a "prop." Renting trains is an expensive proposition as the producer discovered when he was making "Skin Deep," a melodrama in which a convict effects a spectacular escape from prison by jumping down on a passing train and then being picked up by an aeroplane.

When Ince happened to see advertisements of the sale of a small railroad branch which had been built for an abandoned mine he decided to purchase it outright so that it would be available not only for "The Sunshine Trail" but for any other productions in which trains appear.

"The Sunshine Trail" tells the story of a young chap who goes west after the war to make his stake. When he decides to return home, he finds that he is officially dead, according to a communication from the war office which reported

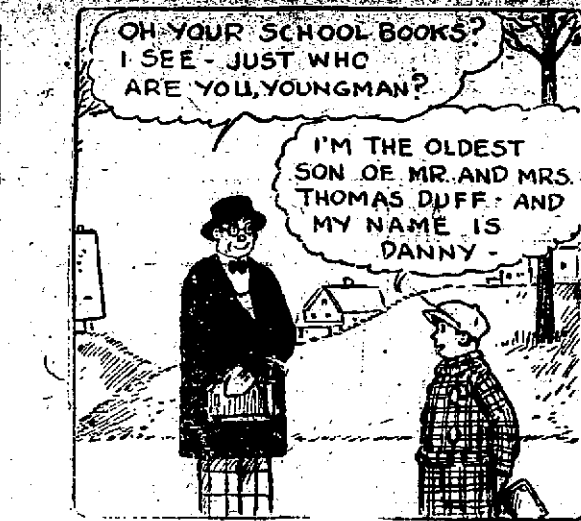

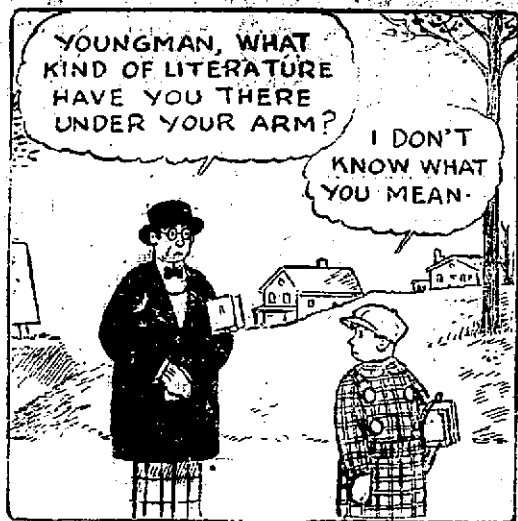

him killed in the Argonne. He falls in with a band of bank robbers in his effort to "scatter sunshine on the way" and lands in jail before the louds rolls by and his philosophy brings him out on top of old man trouble.

Douglas MacLean, Edith Roberts and Baby Muriel Frances Dana head the cast in this comedy drama that is as refreshing as its title.

Buster Keaton will also be on the program in the comedy entitled "My Wife's Relations."

### Lester Cuneo at Mystic

The Mystic theater announces with considerable pride that it will Saturday have the privilege of showing Lester Cuneo's latest picture, "The Masked Avenger," which stars the well-known Western leading man and features Mrs. Wallace Reid. The Wallace Reids one and only child, "Billy" Reid, also has a part in the picture. The Masked Avenger is a melodramatic story of the night riders, and Cuneo and Mrs. Reid have excellent opportunities for dramatic work. The story was written especially for them by Leo Meehan and Henry McCarty. It was produced under the supervision of Charles W. Mack and directed by Frank Fanning.

half and tried long shots, but they did not have their eye with them. H. Brown was the best performer Manilla had, but he scored only two field goals.

The Webb girls played championship ball and won from the Milroy high school girls team, 21 to 14, in a curtain raiser.

The lineup and summary of the big game was as follows:

Webb (32) Manilla (14)  
Osborn ----- F ----- Abel  
Young ----- F ----- Baker  
Fair ----- C ----- H. Brown  
Gibson ----- G ----- Hester  
Davison ----- G ----- R. Brown  
Field goals: Webb—Osborn 4,  
Young 2, Fair 3, Gibson 3; Manilla—  
H. Brown 2, Baker, Hester. Foul  
goals: Webb—Osborn 7 out of 9;  
Young 1 out of 3; Gibson missed  
two and Fair missed one; Manilla—  
Baker, 6 out of 12 and Hester  
missed one.

## You Can Save Repair Bills

### By Keeping Your Car in Condition

The trouble with most people is that they allow small defects to run too long before hunting the repair man. Thus little defects become big ones, and repair bills are proportionately large.

If you will bring your car to us as soon as it begins to "act up" we will materially reduce your cost of maintenance.

## CARTHAGE SCHOOL

(BABBETTE HENLEY, Editor)

"Pick up week" was observed by the pupils of Carthage during the past week. Every pupil was asked to pick up at least one piece of scrap paper each day. The result was amazing and it is wished that every week will be "Pick up week" hereafter.

The members of the girl's basketball team are eagerly looking forward to the arrival of their new sweaters. They are white, slip-overs, with a big blue "C" on the front.

Miss Carfield expects to take her commercial law class to a trial at Rushville on the soonest date possible, probably next week.

In keeping with "Children's Book Week" all over the state, every pupil of Ripley township has spent at least one hour in the Public Library this week, from which a great profit was derived.

Pupils of the high school were very much shocked Tuesday when they heard of the death of Kepple Stickler of Knightstown, who died from results of injuries received in a motorcycle wreck. Kepple attended school here until his Freshman year and then moved to Knightstown where he attended high school and played forward on the basketball team for three years. He had many friends here in C. H. S. who extend their sincerest sympathy to his relatives and Knightstown friends.

The Junior high school is practicing for an operetta, "The Isle of Chance", to be given before the holidays. The money earned by it will go towards the payment of our new piano.

Coach Zartman did not report for work Wednesday because of the mumps. Other members of the faculty will have charge of his classes until he has recovered.

Carthage was again victorious in the most exciting, fast and closest game of the season when they "put one over" on the Fortville squad Friday night. The half ended 10 to 3 in Fortville's favor, while the final score was 21 to 20.

The proceeds from the box supper on Wednesday night will go to the Junior class, who assure you an evening of fun. Please come.

Mr. Power, Mr. Royalty and Mr. Coffin, all of Milroy, visited school Thursday afternoon and reported that the Milroy schools are closed for an indefinite period for the same reason that caused our two week's vacation.

## GLENWOOD SCHOOL

The students of the Seventh and Eighth grades of the Glenwood school held a meeting November 12, to organize a Civics Club. The meeting was opened with our teacher, Miss Parish, acting as chairman. The election of officers resulted in the following: president, Frances Richardson; vice president, Vera Snyder; secretary, Elizabeth Murphy; treasurer, Benton Fulton. The president then took charge of the meeting and plans for the "School ground clean up" campaign were made. The room was divided into four teams and each team took a section of the school ground. The captains were Hallie Sammonds, Francis Turner, Helen Alexander and Miss Parish. A prize was to be awarded to the team that made the most marked improvement in the looks of their section.

The task was completed Wednesday, November 14, the prize being awarded to section two. We have received hearty co-operations from the other pupils of the school and are hoping that the parent-teacher's association will back us up. "We want clean minds, clean hearts and clean environment and are trying to develop vision and energy to secure all this."

Mrs. Mills, the music director of the Glenwood schools, has a violin class of twelve pupils.

## THE AGRICULTURE CLASS

The Agriculture class of Glenwood high school is progressing nicely. The work is very interesting and appeals to the boys of the school. Great stress is made on the judging and sowing of corn. After going to the field and selecting the fifty seed ears as required in the outline, five ears are brought to the school room. These are then marked and judged by the different boys of the class. At first the scores varied greatly, but as the work advances, the difference in averages is not so widely marked.

Outside work and home projects have been the main works in the Glenwood class so far, although

there has been some laboratory work and some experiments conducted.

## PARENT-TEACHER'S MEETING

The monthly parent-teacher's meeting was held in the Glenwood assembly last Tuesday evening. The meeting was opened with a song after which followed the business session. Question of building a community house was brought before the patrons. Later the problem of lighting the old part of the building was discussed.

Mr. Guess then placed a proposition before the meeting which received hearty support from all present and was promptly seconded by Mr. Parthing. Mr. Guess made the statement that educational films could be procured from Indiana University for a very small sum. Since one of the students possesses a moving picture machine, he proposed giving an educational film twice a month. The purpose of the film would be to give enjoyment and education to the pupils of the school. Films for illustration may also be introduced.

Tuesday night was voted on as the night to give the films, since one then could be given at the parent-teacher's meeting.

Mr. Parthing gave an interesting talk and description of his eastern trip and visit to the schools of Maryland. Besides these the program consisted of a moving picture show, "A visit to Yellowstone Park," a song by the Third and fourth grade girls and last a violin solo by Mrs. Mills, the music director of the Glenwood schools. Mrs. Mills was vigorously applauded and was called back for an encore two times. The meeting then adjourned.

## HOMER SCHOOL

(BEULAH WILLIS, Editor)

We have had two fire drills this week. The first was a false alarm, but we vacated the building just the same. Mr. Wilder, the janitor, was working with the bell when the first alarm was given.

The Sophomores are making splendid progress in Latin now. They are now on the fifth chapter in Caesar. The Freshmen are also working hard. They are gaining fast in Latin and Algebra.

Mr. Arend's English class has completed the work in the "Lady of the Lake" course. The class will next take up the study of "Ivanhoe". A test on "The Lady of the Lake" was given Wednesday and all made fine grades. Book reports will be due Friday morning. A fine of five percent will be given for each day they are late. Look out students. Five percent off each day makes a grade look small in a short time.

We had a good crowd at our penny social Friday night. We made \$29.23, clear of all expenses.

Francis Barnett, a student at Shelbyville, visited Homer "high" Wednesday afternoon. Mrs. Cora Kemple was a visitor in Mrs. Ann Miller's and Miss Frow's rooms Monday.

Marion Krammes was absent Monday and Tuesday on account of sickness.

The Homer school will soon have a new flag pole out in front while Old Glory can be seen floating before us during the school year.

An educational meeting will be held at Manilla Monday night.

A Parent-Teacher's meeting will be held Tuesday night at the Homer school building. You are cordially invited to attend this meeting.

The pupils of the Seventh and Eighth grades are all working hard with the aim in view to raise their grades next month and all seem anxious to lay a good foundation on which to build their high school education.

A volley ball course will be erected on the school grounds soon. This will prove very interesting, we are sure.

Two new maps have been bought for the school, one is used by the high school Ancient History class while Mrs. Bell is making use of the other in her Geography class. Both classes are doing better work with the aid of these maps.

Mrs. Bell reported two absences in her room, John Miller and Harold Harst, are absent on account of tonsillitis.

## OSBORN SCHOOL

There are 67 enrolled at Osborne school in grades 3 to 8 inclusive.

Our new school building is progressing nicely and we still have hopes of being in it the first of the year.

## GINGS SCHOOL

(RUTH BILLINGS, Editor)  
WITH THE FRESHMEN

The Freshmen have completed their study of Longfellow's "Tales of a Wayside Inn." Now they will study Shakespeare's "As You Like It."

They also entertained the assembly Tuesday morning for opening exercises with humorous poetry and story telling.

## SOPHOMORES AND JUNIORS

The Sophomores and Juniors have completed their study of Shakespeare's "Merchant of Venice" and after having many interesting oral and written compositions on this book, they have begun now a study of "Roosevelt's Writings."

The Sophomores have also begun reading Caesar.

## MUSIC

Mrs. Mary Mills has three violin pupils now and we are still hoping for a gings orchestra.

The high school had an unusual music lesson last Monday when half of them sang "America" while the other half were singing "America's Message."

The high school is quite interested in their new song books. The books are "Uncle Sam's Favorite."

## DOMESTIC SCIENCE GIRLS

The Domestic Science girls served hot chocolate last Friday to the school. They were well pleased with the proceeds and more money was taken in than was to be expected on account of candy which had been purchased the day before.

## BASKETBALL

The G. H. S. boys are contemplating a game with Glenwood Friday night. They were unable to rent the Fairview gym and hopes are being held out that they will find a gym for it on next Friday night. There is much enthusiasm at Gings because this will be the first game of the season.

## MOSCOW SCHOOL

(CARLOS REBER, Editor)  
SENIOR

A few of the seniors attended the oyster supper given at the local church last Tuesday night. Some were in the minstrel show given by the church.

The Seniors have taken the job of putting on a lyceum course. It will be given by the Dennis Lyceum Bureau of Wabash. The first night will be taken up by John Kilham, entertainer, on November 23.

Mr. Means has given four of the seniors physics experiments, which will be given before the high school.

In History we have been studying Daniel Webster, Henry Clay, Patrick Henry, John Marshall, and some other American notables.

## FRESHMEN

After moving to the assembly room, we think we will like it fine. One of our students has returned to school this week after a period of illness.

We have been having division in Algebra. We seem to be doing fine in Latin, also. In Biology we are studying the different kinds of insects. For the past few weeks, we have been studying "Treasure Island" under the instruction of our English teacher Miss Zella Hungerford.

## JUNIOR

The junior boys in manual training are making tables to be used in the basement of the local church.

The domestic science class has

been having experiments with soda, baking powder and cream of tartar. Some snap shots were made of the Domestic Science girls which were very good.

We received a number of small flags from the American National bank. The flags were distributed among the pupils and members of the faculty.

Merle Alexander, who has been in Dr. Sexton's hospital at Rushville, has been brought to his home near Big Flatrock. We hope he will be able to resume his school work soon.

## SOPHOMORE

We felt very proud when our girls came to school Monday morning, bringing the bacon with them. Three Sophomores, Vivian Gahmiller, Leona Miller and Alice Parker, helped in carrying it home.

We are certainly having a hard time in Algebra. It is just like solving a Chinese puzzle, but we are going to succeed in solving it, though.

In History we are learning to remember dates. Students, let's don't forget them. What a calamity it would be, if we should. Remember the test coming and what our grades will be if we forget our dates.

We are still rambling along through Caesar's battles and the going isn't good either, but we are probably going as fast as Caesar did.

Many Sophomores attended the oyster supper given here Tuesday night and they say they will remember it for days.

## BASKETBALL REPORT

Moscow stacked up against Waldron in their third game of the season. Moscow won 39 to 19. A hard fought close game was expected due to the schools being intense rivals. After the first ten minutes, Waldron was not feared very much. Tillison, Moscow's floor guard, opened the game by counting the first point on a foul. Gosnell then scored very fast from the foul line and field. Casey, B. Hungerford and H. Hungerford got some more points and at the end of the first ten minutes Moscow led 17 to 3. First half ended 28 to 5. The second half was slow and Moscow did not get going for about five minutes.

In the first half Moscow's team work was the best that they have shown this year. They worked the ball under the basket for shot after shot. Tillison and Gosnell also got some long baskets. Waldron's team work was not very good. The game was a little rough at times but was soon checked by the good refereeing of Litherland. Two hundred rooters followed Waldron to Blue Ridge to see them get knocked off. Moscow girls defeated the Waldron girls in a certain ringer by the score of 20 to 5.

## CENTER SCHOOL

In the basketball game at Rushville last Friday night, the Webb girls' team defeated the Center girls' team. Both teams enjoyed the game. The Webb boys also defeated the Center boys.

The Center girls practiced basketball with the Carthage girls at Carthage Thursday evening.

The program given by Madame Proctor Hamilton at the Mays Opera House Monday night, for the benefit of the high school, was well attended and was enjoyed by everyone.

All of the high school pupils took part in a spelling match for opening exercises Thursday morning.

## NEW SALEM

Miss Mary Patton of Falmouth, who visited Miss Dorothy Scott this week visited the high school here Wednesday.

Harold Stiers, a Junior, has been absent from school for the past week on account of tonsillitis.

Kenneth Wilson was absent from school a few days this week on account of a bad cold and tonsillitis.

Miss Todd, domestic science and art teacher, is suffering from a nervous breakdown.

The penny supper here Wednesday night was attended by a fair sized crowd. Something near \$40 was cleared, Madame Hamilton, who gave some readings after the supper, was very well received. Before the readings Mary Cloud and Mary Heaton played a piano duet. During an intermission, Albert Jinks played a flute solo, accompanied by Miss Frazee on the piano.

## WEBB SCHOOL

Webb won an essay game from Center last Friday night with a 42 to 13 score. Webb did not have their usual pep, but we expect them to do better hereafter.

The Webb girls walked away from the Center girls by a 34 to 4 count. The girls had very little difficulty in overcoming the Center girls, using subs, throughout the game.

Webb played Manilla Friday night. The dope seemed to be against us. Carthage defeated Webb by a 37 to 21 score; Manilla defeated Carthage by a 33 to 13 count; how's that for Webb Friday night? Webb did some hard training this week, to upset the dope-bucket. You know last year Webb was pretty good at, upsetting dope buckets. We're hoping that they will be up to their same old tricks this coming season.

## A MYSTERY

Thursday evening Professor Klipsch and Miss Laughlin gave invitations to the basket-ball boys' and girls to—we don't know what. They didn't say, so that's the mystery. We'll tell you as soon as we find out.

## EDUCATIONAL MEETING

The public is invited to attend the Educational meeting to be held at Webb School Thursday November 22. Mr. Butler of Rushville will give a talk on Education, also there will be a short program given by Webb pupils. Everybody come; Invite your friends.

## ANNOUNCEMENT

Webb Boys and Girls play Raleigh Wednesday night November 21st at Modern Appliance at Rushville. Everybody come out and boost the teams!!

## ARLINGTON

## BIG FAIR

Be sure to come to the Big Fair at Arlington on Friday night, November 30. The Senior class of Arlington high school is putting on an indoor Fair which will interest everyone, as is similar to the county and state fairs. You must not miss seeing the automobile and baby shows, or taking an aeroplane ride. Clowns will show you from booth to booth, while the Fortune Teller will reveal both past and future. The girls must not fail to visit the Beauty Parlor and boys will be attracted to pretty booths where candy, sandwiches, drinks and etc. are sold. A Great Swimming Match takes place promptly at 8:30 p. m. and a Vaudeville will be the main attraction of the evening. Don't forget this Fair and tell your neighbors and friends about it.

The pupils received their report cards again last week with fear and tremblings. Some of the grades were much improved while some, sorry to say, were quite the reverse. Those receiving the highest average in the classes are as follows:

Pearle Macy—Senior Class.  
Fon Kemple—Junior Class.  
Norma Wall—Sophomore Class.  
Florence May—Houston—Freshman.  
Silvia McDaniel—Eighth Grade.

The library has been somewhat enlarged by the addition of several new books. Most of them were fiction and works of late authors but some were reference books. We feel that our library is average for this size school and want to improve it all we can.

Last week we were greatly honored by having with us, Mr. Martin, who gave us an interesting talk on "Good Literature." Mr. Martin has been an instructor for over twenty years

and has been an instructor at Manual Training. Therefore, he knew what we were interested in and what would be beneficial to us. To make his lecture more interesting he gave amusing illustrations, such as the story about a small boy who wrote a comical composition on a frog. Parts of his talk dealt with the Senior English work while parts were general and discussed things common to all.

In one of the fastest games seen on the local floor, Arlington was defeated by Milroy 22-21. The teams seemed to be evenly matched and the score wavered from one to the other until the final whistle blew. Milroy was able to win through luck and the break of the game only. The players showing best for Milroy were Kinnett and Redmond while Price and F. Readdle played well for Arlington. On Friday, Nov. 9, the A. H. S. first and second teams journey to Morristown for two games. With the fighting spirit manifested in the Milroy game, the fellows will give Morristown a hard fight.

The report of attendance for school:

Room I—96.9.  
Room H—99.1.  
Room III—98.5.  
Room IV—94.9.  
Junior Assembly—92.4.  
Senior Assembly—95.1.  
Average—96.1.

## THOUGHT BACK WOULD BREAK

Nothing Helped until She  
Began Taking Lydia E. Pinkham's Vegetable Compound

"When my baby was born," says Mrs. Postelz, 106 High Street, Bay City, Michigan, "I got up too soon. It made me so sick that I was tired of living and the weakness run me down something awful. I could not get up out of bed mornings on account of my back; I thought it would break in two, and if I started to do any work I would have to be down. I do not believe that any woman ever suffered worse than I did. I spent lots of money, but nothing helped me until I began to take Lydia E. Pinkham's Vegetable Compound. I felt a whole lot better after the first bottle, and I am still taking it for I am sure it is what has put me on my feet."

If you are suffering from a displacement, irregularities, backache, nervousness, headache or any other form of female weakness you should write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts, for Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women." It will be sent you free upon request. This book contains valuable information.
